# AT NOTTA RANCH, NEILBURG, SASKATCHEWAN

HOSTED BY: Notta Ranch Jason and Sara Goodfellow

The partnership we have with Ravenworth and Spots 'N Spouts create a diverse sale offering with quality like no other!! This sale group provides the most decorated cattle both in and out of the show ring. Along with Spots 'N Sprouts, Ravenworth and ourselves at Notta Ranch, we welcome you to the 2017 Supreme Speckle Park Sale. We need to again thank all the past bidders and buyers for the support over the years.

Notta Ranch couldn't have asked for a better season!! The high selling bull from last year's sale was twice crowned Grand Champion Bull. He won first at Lloydminster Stockade Round Up and again at Edmonton Farm Fair International. Congratulations INC Cattle Company and thank you for letting us be a part of it!

What a great breed to be involved in! My trip to Canberra, Australia was short but gave me an opportunity to meet new breeders. I also had the chance to get caught up with the breeders who had approached us over a decade ago and created the genetic base for the country. My hats off, not just to them, but to all the breeders around the world for their hard work in progressing and promoting the Speckle Park breed so well.

This is rapidly becoming a breed of choice for progressive cattlemen. Watching this transformation of the breed is astounding. Suppling the seed stock demand for all of this and still trying to support the rapidly increasing demand of the commercial market is a welcoming challenge for us all. The cattle on offer in this sale will assist all breeders in whichever direction they choose to go. As breeders, it is our goal, to produce higher quality cattle every year. This sale is proof of that. Truly the best set of cattle this group has EVER offered.

#### SALE PARTNERS:

John and Dale Herbert

We never dreamed when we got involved in Speckle Park in 1980 that this is where the breed would have ever taken us, here at Notta Ranch with our best ever line up of sale animals. Since there are getting to be so many bull sales to choose bulls from we feel it is very important that only the best of the best make it to the sale ring. That is why we have culled heavily and brought only the best two year olds produced by our 100 cow herd. They all have really good rates of gain which we trust they will pass on to their offspring. The heifers too are some of our very best and haven't been easy to part with but they are the ones Chris Poley chose when we gave him the go ahead to pick 8 heifers from our herd for the sale. So to all our fellow consignors and buyers, let's hope this sale goes down in history as another great day in the history of Speckle Park.

We have had an amazing 2016 with our cattle from calving right through to a very successful show season and meeting many more wonderful cattle people. With the highlight of year being Ravenworth Invictus 103C winning Reserve Champion Bull at Stockade Round Up and at Agribition, along with Ravenworth Legendary 101D winning the Speckle Park Breed Class in the Presidents Classic Bull Jackpot at Agribtion making

that our second year in a row to have a Ravenworth bull calf win this title. We are very excited and pleased with all of the interest and support we have received for our genetics. The 2017 Supreme Sale brings with it our largest offering of yearling bulls to date, which we feel is very strong. We look forward to visiting with everyone on sale day. In the mean time if you have any questions about our consignments please contact us. Once again we are please to be working with our sale partners to bring this great offering together and we, as always, send out a special thank you to Sara and Jason for hosting this event. — Ravenworth Cattle Speckle Park. **GUEST:**

# FROM THE DESK AT T Bar...

Supreme and more.... much more! Those who attended the Canadian National Speckle Park Show and Sale would have enjoyed the strength and power of the breed. The show was the largest , most powerful to date and the sale was the talk of the barns with jam packed seating at the show and the sale, which indicated the interest of new breeders... especially those from other breeds and commercial producers!

What more can be said about Jason and Sara Goodfellow and their great breeding program at Notta Ranch! Let's look at the National Show results... they swept all the heifer calf classes capturing Calf and Reserve Calf Champion, won both classes with their yearling heifers which were declared Junior and Reserve Junior Champion Females, then won both Grand and Reserve Grand National Champion Females with the yearling and calf. Adding to the blankets, Notta Ranch won Breeders Herd, Get of Sire and the coveted Premier Breeder and Premier Exhibitor awards. These Speckle Park pioneers showed the livestock industry why they are Supreme breeders.

But... not to overshadow their sale partners and fellow breeders Garry and Donna Berting at Ravenworth... as they were on Nottas heels all day! This great family operation was runner-up in Breeders Herd, Get of Sire, captured National Champion Pair of Bulls, breeders of the Reserve Senior Champion Female and bred and exhibited Junior and Reserve Grand National Champion Bull.

Let's not forget about John and Dale Herbert from Spots 'N Sprouts.... they maintain one, if not, the largest Speckle Park cow herds in the world. The breed gets a true test as John runs the herd ranch style in the same manner to that of their customers. Each year the feature is Spots 'N Sprouts two year old bulls... bulls that can cover more cows, more ground and get the job done! As we research the genetics, one can find John and Dale's breeding throughout the industry as they are the "ranching pioneers" of the breed.

Whether you are an established breeder, a commercial producer, just starting or thinking about starting, mark April 8th at "Notta" to perhaps get the Supreme Speckle Park of the breed! It's one of the few breeds of beef cattle that are never to late to get into... enjoy the great cattle and their benefits. Do not hesitate to visit any of the ranches prior for a preview and see the mothers; feel free to call any of these great breeders as they will be pleased to assist with selections and information.

This is an outstanding sale lineup from all aspects. The genetics are right, the product is right and you are dealing with the right people!

If we may be of assistance prior to or sale day feel free to call any of the T Bar Team or myself, we are willing to assist you in a professional, confidential manner.

This is rarely seen. We took a great Lacerta female and flushed her to Royal Flesh. We sold a bull out of that flush last year to a producer that had progeny that were second to none. We then took an April born heifer from the same flush to Agribition and Grand Champion Female and she was also Grand Champion Speckle Park in the First Lady Classic. We are now selling the rest of the siblings. Proven performance that is hands down unmatched anywhere.

Choreboy is a good growthy bull with a moderate birth weight. In the past, Speckle Park Influence sales at Heartland Livestock in Lloydminster have seen spotted steers sell for a modest premium whereas spotted heifers have sold for up to 50 cents a pound above sale average. White bulls, like Choreboy, bred to solid colored females will give you these high selling calves and with the hybrid vigor of the outcross the weaning weights won't be compromised.

Here are two bulls with the same parentage but different color patterns. Charlie and Charles came into the world with identical birth weights and as of January 20 they still weigh the same. Considering they are twins, we feel they have done remarkably well. Their low birth weights would make them good heifer bulls. Current Weight - 1680 lbs. (765 kg) as of February 19, 2017

This bull has to be the star of our sale bulls. He was a late calf which ordinarily wouldn't have been saved as a bull. But because he impressed us from day one and was from an outstanding dam we gave him a second chance. He certainly hasn't let us down. As you can see, he has a weight and scrotal circumference of bulls two to three months older. We have never had a bull with a rate of gain like this guy. We'll certainly we hoping for more bulls from 5Z.

WIDE hipped, DEEP quartered and overall THICKNESS best describes Noble 107D. He WIDE hipped, DEEP quartered and overall THICKNESS best describes Noble 107D. He offers some real muscle shape and base width. This bull has shown good scrotal development from a young age. He has an extreme hair coat and great color. If your looking to added thickness to your calves this could be your option. We would recommend this bull on cows. February 19, 2017 weight: 970 lbs. Impact 127D was the bull that caught your eye in the pasture all summer long. He is the style and type that gets your attention. His Dam is our cow Notta 26T Janette 3W cow who was two time Champion Speckle Park Female at the Stockade Round Up and the 2014 Grand Champion Speckle Park Female at Agribition. Impact 127D has a very attractive front end, head and neck, so if you are looking for a bull to sharpen up your females this might be the one. February 19, 2017 weight: 985 lbs.

This fancy square made heifer comes from one of our most stylish females and another Northern Star cow, Ravenworth Northern Star 117A — Junior Champion Speckle Park Female 2014 and Speckle Park Breed Champion First Lady Classic same year at Agribition. Northern Star 117A has great udder attachment and straight bottom line and has a great square profile, that she has passed on to this daughter. This heifer received many comments over the summer in the pasture as to her shape and style. View our Facebook page - Ravenworth Cattle Speckle Park - to view a short video of this lot.
